

"GK was fit with her new hearing aids yesterday! She was very pleased with the sound and the colour choice. Her mother was thrilled that your organization was able to help her family purchase GK's last set of pediatric hearing aids. The little family works so hard and I'm so happy we were all able to help them out with this! We thank you so much for all the amazing work you do helping families get hearing aids for their children."

-Kelsey, Audiologist

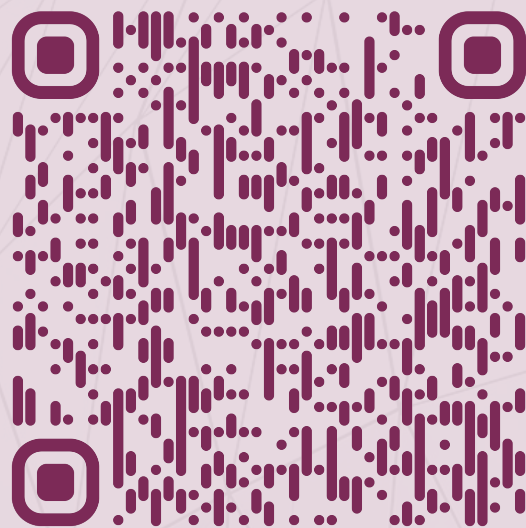

Donations

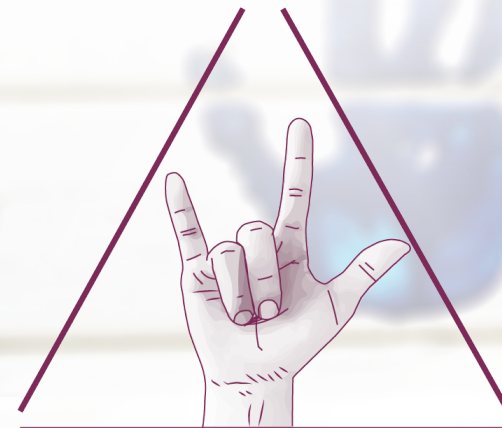

As a not-for-profit organization, H.I.K.E. Fund (Canada) accepts donations from the public as well as corporate organizations. All donations will receive an official tax receipt.

Families are in need and we appreciate every donation that we get. Please go to our website www.hikefundcanada.org/contact/ to fill out this form and someone will get in touch about your donation request shortly.

Hearing Improvement Kids Equipment

H.I.K.E. FUND
(CANADA)

Improving Quality of Life

The H.I.K.E. (Hearing Improvement Kids Equipment) Fund (Canada) is dedicated to providing hearing assistive listening devices to children or institutions in need.

We raise funds to assist children under the age of 20, who have mild to severe hearing loss whose families have a financial need. Our aim is to help kids achieve a better quality of life through direct community involvement by social interaction in their school environment. Applicants with a documented hearing loss are considered without regard to gender, race, ethnicity, or creed.

Hearing Aids

FM Systems

TTY Systems

VCO Phones

Sound Field Audio System

Alerting Systems

Specialized Sports Equipment

We Believe in Change

The H.I.K.E. Fund (Canada) was first established in 1990 by Job's Daughters International to provide hearing or assistive listening devices to children newborn to 20 whose families are in financial need. We are a registered not-for-profit corporation, run entirely by volunteers. We keep our operating costs as low as possible to provide more funding to kids in need.

- ✓ Work with physicians & audiologists.
- ✓ Work with social workers and therapists.
- ✓ Provide assistance to children in need of devices.
- ✓ Help low-income families.

We have helped many families living with deaf or hard of hearing children purchase equipment that has helped those children live a fuller, and brighter life.
